

## Seital Separators - Wine

### PRODUCT HIGHLIGHTS

### WHY SPX FLOW?

Seital provides expertise, performance and efficiencies not available from other manufacturers. Expanded model offerings provide a duty specific design and not a "one size fits all" Separator. Manual, automatic and standardizing units provide simple installation and process integration.

### FEATURES

- Optimum utilization of disk surface area
- Hydraulic or mechanical seals
- Fast and accurate discharge valves
- Higher operating speeds
- Stand alone or packaged systems
- Skidded systems

### BENEFITS

- Faster installations
- Minimizes Oxygen pickup
- Up to 95% solids in discharge
- Increase separation efficiency
- Higher equivalent area of separation
- Reduced installation required
- Compact footprint
