

About SSPM

Since 2001, SSPM is an active contributor of solid dosage process and formulation equipment, tablet coating system, material handling system and other ancillary equipment under the brand name of “**SIGMA**”

The goal of SIGMA is to achieve a level of quality that is nearly perfect. We always thrive by our SIGMA rule to produce quality and efficiency and reducing errors and defects. By applying comprehensive approach such as *Define, Measure, Analyze, and Improve & Control* to achieve process improvement which enhance customer satisfaction.

SSPM has headquarter in Ahmedabad, INDIA and global presence with an extended sales network spread over 4 continents. The manufacturing facility is spread over an area of 40,000 Sq. Ft. and office area is over 10,000 Sq. Ft. with latest set of manufacturing equipment.

We have well-constructed Research & Development unit where our research associates conduct survey thorough market research in order to develop high end machines. Abiding by the business ethics and quality policies, we ensure that we always meet the stringent quality standard.

With our intensive research processes, we often find innovative solutions for developing and designing machines, plants as per industrial standard. We lay immense emphasis on quality and performance of our machines therefore we experiments and execute new technology in manufacturing our machines and systems. Our strenuous efforts towards this direction enable us to make clients satisfy and hence getting appreciation from customers spread across the globe.

SSPM is a **ISO 9001:2015 Certified Company** which follows **GMP Rules & Regulations** to ensure quality and SSPM has been a supplier of equipment which compliance all **cGMP norms and regulated by,**

After Sales - Service

Be at ease! We know the value of return on investments. We know how you truly rely on our equipment to get most of your productivity. SSPM always stands by your side when in need to guide and support our end user with following:

- Operator Training
- Process Optimization
- Machine Upgradation/Software upgradation
- Annual Maintenance Services
- Cleaning and Maintenance guidelines
- Documentation

We have Senior Service Engineers and process experts who are willing to serve customer worldwide. We are only one call away to help you out 24*7, 365 days a year!

Further to this, if you are looking for any spares/man day visits/online support/technical assistance please drop down an e-mail with query and submit to us at service@sspm.com

SigmaSift

[Vacuum Rated Design]

SIGMASIFT is a special vacuum rated design to sift the pharmaceutical substance in a closed content way to reduce the dust and improve the human health and safety. It is compact and trolley-based design with PU castor wheels for ease of movement.

- cGMP Model
- Plug & Play machine
- Contact parts SS 316/316L and non-contact parts SS 304
- Silicon molded lead-free sieves with detachable design to accommodate user's requirement. Sieves are available in different sizes like 10, 12, 16, 20, 30, 40, 60, 80 & 100#
- SIGMASIFT is designed with Vacuum Rated Concept which can be used as an inline process through Pneumatic Conveying System (Vacuum Transfer System Process) alternatively it is also suitable for manual material charging system as well.
- Ultrasonic system can be provided additionally to pass the sticky substances through mesh.

Single Deck Design

Double Deck Design

Technical Specifications

SigmaSift™					
MODEL	12"	20"	30"	36"	48"
OUTPUT	10 To 20 KG/HR	20 To 50 KG/HR	100 To 150 KG/HR	150 To 300 KG/HR	200 To 400 KG/HR
SINGLE DECK	YES	YES	YES	YES	YES
DOUBLE DECK	YES	YES	YES	YES	YES
Output will be depended upon B.D of Product
