

Cake Feeder

Bridgeless, Trouble-free Feeder

The Scott Equipment Company has developed a versatile feed system that a variety of process industries have come to rely on for their material handling requirements. The Scott Cake Feeder is durably constructed with a cylindrical barrel and vertical agitator.

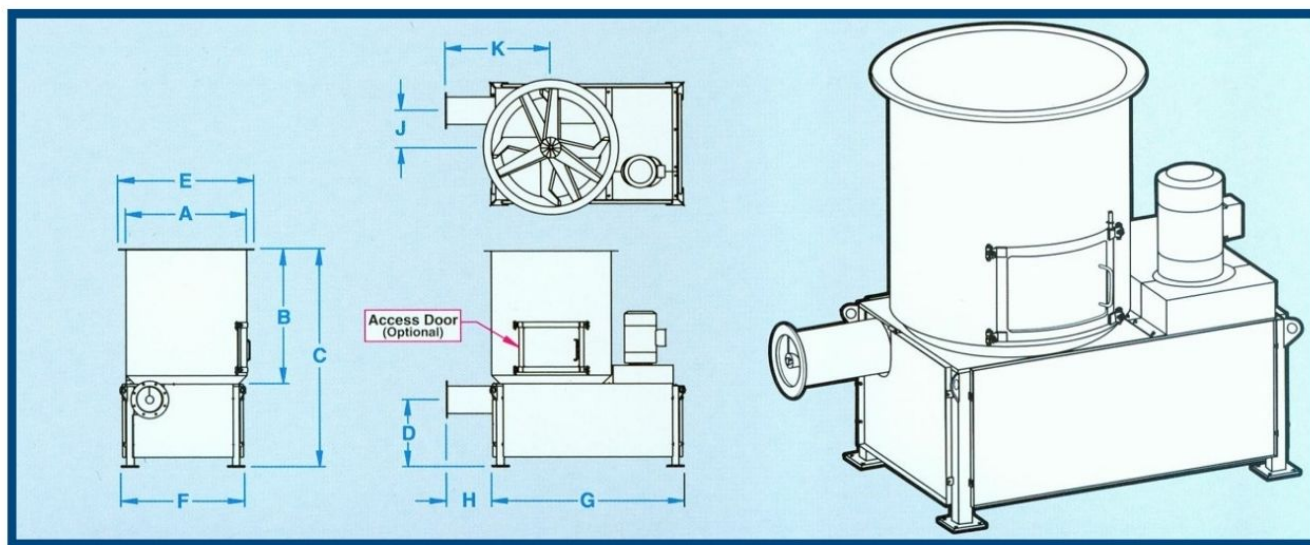

- Manufactured in carbon steel, 304 stainless steel, or 316 stainless steel
- Steam, oil, electric, or water jackets for heating or cooling
- The Scott Cake Feeding System is available with all the necessary sanitary features to meet USDA, FDA, and 3A requirements.

The Scott Equipment Cake Feeding System requires minimum maintenance and can be designed to accommodate a broad range of production rates.

Ideal Applications

- Carbonates
- Oxides
- Filter cakes
- Sludges
- Clays
- Pigments
- Mica
- Pet food
